

DF-505N

Manual Setting Folder

**Affordable Folding
At Your Fingertips!**

The Duplo DF-505N Manual Setting Folder allows folding versatility with a crisp, accurate touch. With its standard design capabilities, the DF-505N is convenient and easy to use! The folder has all the features, performance, and reliability compactly framed at an affordable price.

In addition to six popular folds and five paper sizes available for your folding needs, the DF-505N adjusts for non-standard paper lengths and folds.

This affordable folder offers popular folding applications that can be set up using two easy-to-follow fold charts. First-time users become experienced within minutes! Whether the folding application is a letter, flyer, brochure, or billing statement, the setup is simple. Select the fold requirement by adjusting the fold stops on both fold plates. Each fold plate has a fine-tune, adjustment knob to enable the user to make minor adjustments to achieve the desired fold.

The DF-505N also features a tray tension control that makes feeding a wide range of stocks quick and easy. Then adjust the receiving roller according to the folding application number identified on the control panel. Folding at speeds up to 140 sheets per minute, professional documents are neatly folded with crisp, accurate folds.

Duplo.
